Edik: Hello.
Arsen: How are you?
Edik: So-so.
Arsen: Did they supply you?
Edik: Yes, they gave us large ones.
Arsen: So, hit the same place.
Edik: Did they stop at the same place?
Arsen: Yes.
Edik: Ok. How are you doing?
Arsen: We are ok. We are ready for any job and if we receive support from them, we will stand firm.
Edik: We'll do what we can Arsen.
Arsen: Those that are standing above us, four of them, up the hill...
Edik: Yes.
Arsen: If they help us, then...
(Inaudible)
Edik: They will do it, won't they?
Arsen: They didn't do anything yesterday.
Edik: I have not told them, so it's not their fault.
Arsen: Well, this evening... I will call you depending on the situation and circumstances.
Edik: We will "work" on the village, which is near, but we cannot reach those that are located further.
Arsen: So, you will "work" on the nearby villages, won't you?
Edik: Yes.
Arsen: That is fine. If someone "works" from the other side, that will be good as well.
Edik: I will help you as I can, Arsen.
Arsen: Ok, ok.
Edik: You've got the channel...
Arsen: All right.
